

Ostara – Spring Equinox

Moving in a clockwise direction we clear out the spiritual negativity of the past year and bring in the fresh energies of Ostara. As you pull each card think about what that card meant to you in the last year of the wheel. Understand what it was that controlled, influenced, and guided you.

The final card is your BALANCE card for this year.

Keep in mind that if somebody is doing this reading for you, that this is an interactive reading. You and your reader should feel free to delve into what is going on in either side of this reading – the past, as well as the future!
